9	Alicante 	Red Cooking/Slicing	Indeterminate	70	A tomato variety from Unwins, England, UK. our organic tomato seeds produce big, indeterminate plants that yield above average lots of medium, golf-ball sized, round, red heirloom tomatoes.
6	Amish Paste 	Red Canning	Indeterminate	81	Very productive heirloom from Wisconsin that produces up to 12 oz, deep-red oxheart-shaped, meaty fruit. (Probably one of the largest paste tomatoes) Lots of sweet, tomatoey flavors from this coreless meaty fruit. A great slicing and sauce tomato.
4	Anna Russian 	Pink Slicer	Indeterminate	70	An heirloom oxheart variety from Brenda Hillenius, of Oregon, who got from her grandfather, Kenneth Wilcox, who received seeds from a Russian immigrant. An excellent, gorgeous tomato. Early maturing for a heart-shaped tomato, the large, visually beautiful, pink-red fruit normally weighs about 1 pound. Superb rich old-fashioned, tomatoey flavors with lots of juice.
1	Armenian 	Bi-Colored Slicing	Indeterminate	90	From tomato collector Charlotte Mullens of West Virginia. Large flattish yellow and orange tomato with some red marbling. A bi-colored beefsteak with great flavor and unusually strong flavors for a bi-colored.

6	Azoychka 	Yellow-Orange Multi Use	Indeterminate	70	<p>A very productive Russian heirloom found at the Bird Market in Moscow. ("Azoychka" is a woman's name.). An indeterminate, open-pollinated, regular-leaf tomato plant that produces an abundant crop (40-50 tomatoes per plant) of smooth, 3-inch, 10-16 oz., slightly flattened oblate, meaty, yellow/orange tomatoes with a luscious sweet citrusy flavor. Azoychka has become one of the favorite in my garden for harvesting a crop for market. Dependably productive, delicious and deservedly in demand. Unlike most yellow tomatoes this variety has a good acidic balance to its fruity sweetness resulting in lots of robust, complex flavors. A great variety suited to coastal and both warm to cooler growing regions. Produces well into the season. Great for eating in salads, sliced into a sandwich, cooking in sauces or canning. 68-78 days to maturity. Rare tomato seeds.</p>
11	Beefsteak 	Red Slicing , cooking, and/or canning	Indeterminate	85	<p>An old-time favorite that has been popular for many years due to it's excellent productivity and wonderful taste. They produce lush, thick, indeterminate, regular-leaf, tomato plants that yield from vigorous vines, 4 to 5-inch, slightly ribbed, bright-red tomatoes that have spectacularly delicious, sweet flavors. This tomato's excellent taste and meaty flesh make it an ideal tomato for eating fresh or cooking, for slicing into sandwiches, using in salads or for canning!</p>
2	Black from Tula 	Purple-Black Slicing	Indeterminate	75	<p>Russian heirloom from Tula. Largest of the black tomatoes with 3-4", slightly flattened, oblate, dark brown to purple fruit with deep green shoulders. Deliciously outstanding, rich, slightly salty, smoky-fruit flavor.!! For a truly wonderful black tomato this one is sure to please.</p>

5	Black Prince 	Purple-Black Slicing/Cooking	Indeterminate	70	These deep garnet round, 2-inch (2-3 oz.) tomatoes are full of juice and incredibly rich fruity flavors. This is a tomato that chefs I deliver to rave about for it's rich flavors. The small fruits contain deep rich colors on the inside. Perfect for patio gardens. Perfect for eating fresh, and in cooking in tomato sauce or other culinary wonders.
4	Bloody Butcher 	Red Canning	Indeterminate	55	A sensational and very popular, early producing tomato variety. A good choice for a tomato as you wait for later varieties to harvest. Our organic tomato seeds produce indeterminate, vigorous, potato-leaf plants that yield copious amounts of 2", 4 oz, fruits that are deep-red color, inside and out. Five to nine fruits per cluster with a rich heirloom tomato flavor. Plant produces well until frost. A good tomato variety for cooler growing regions since fruits ripen quickly. A good canning tomato.
4	Brandywine 	Red Slicing	Indeterminate	90	Red Brandywine is an Old Amish heirloom dating back to 1885. Named after Brandywine Creek in Chester County, PA. Large, vigorous vines produce 8-12 ounce, deep-red fruits in clusters of 4 to 6. Excellent, robust, old-fashioned tomatoey flavors.

6	Chocolate Cherry 	Brown Cherry	Indeterminate	70	<p>These 1-inch beauties boast the most flavorful tomato tang in the family, from their delicious thin skins to their combinations of gels and solids, sweets and meats, in every bite.</p> <p>Appearing in clusters of 8 all over this compact vining plant, these miniatures ripen delectably from green to lavender to richest mahogany. They have a fresh-grown flavor and texture no store-bought variety can equal, from their rich fragrance to that great bite as they are popped whole into your mouth or scattered on salads. Truly a gourmet variety, they keep coming all summer!</p> <p>To make the most of this flavor, you may want to harvest these tomatoes a day or two before they are fully ripe and let them bake in the sunshine of a kitchen window. This prevents cracking and theft from birds, who also find them irresistible, and assures that each Chocolate Cherry reaches its peak of flavor. There's nothing to compare in the cherry tomato family!</p> <p>This plant reaches 5 to 6 feet high and about 3 feet wide, sometimes continuing to grow and set new fruit into autumn. It might just do for a large container, and should certainly be front and center in the vegetable garden. You MUST try this gourmet delight!</p>
5	Earl of Edgecombe 	Yellow-Orange Slicing	Indeterminate	73	<p>When the 6th Earl of Edgecombe died in the 1960's, the heir to the title of 7th Earl was a relative in New Zealand who was a sheep farmer at the time. When he traveled to England to claim the title, he brought this tomato with him. The seeds for this New Zealand heirloom were made available through Carolyn Male, who found it the best of her 1996 seed trials. The smooth, 3-inch, round, uniformly ripening fruits are beautiful orange globes, typically borne in clusters of two or more. Flesh is firm, meaty and exceptionally flavorful.</p>

5	Elbe 	Yellow-Orange Slicing/Sauce	Indeterminate	86	Named after the Elbe River in Germany this has been an old favorite heirloom tomato since 1889. Named after the Elbe river in Germany. These organic tomato seeds produce big, leafy, indeterminate, potato-leaf tomato plants that yield gorgeous 12-14 oz., 3 to 4-inch, yellow-orange, beefsteak tomatoes with an abundance of delicious, fruity, sweet/tart flavors. A wonderful salad tomato and don't miss trying this for making golden tomato sauce. Suitable for cooler growing regions.
7	Grandfather Ashlock 	Pink Slicing	Indeterminate	85	One of three Ashlock brothers who served George Washington during the Revolutionary War settled in Kentucky. Carl Ashlock, now of Franklin, North Carolina, is descended from that patriot. Carl and his father and grandfather farmed in Kentucky in the 1920's, however, where they grew a large, pink, tomato variety, the seed of which, Carl shared with a few tomato growers. These organic, heirloom tomato seeds produce large potato-leaf tomato plants that yield exceptionally delicious, 12-16 oz., pink, beefsteak tomatoes with a sweet , well-balanced taste. Rare tomato variety.
3	Henderson's Wins All 	Pink Slicing	Indeterminate	83	An heirloom tomato variety introduced by Peter Henderson in 1924 as 'Number 400' and which he renamed his 1926 tomato seed catalog. Here is some of what he said, "It wins approval from 40,000 people, it wins by its quality of sweetness, solidity and seedlessness..." I introduced this rare tomato seed strain acquired from the USDA seed bank in response to the varied strains that are marketed under the name of 'Winsall.' These organic, tomato seeds produce large, indeterminate, regular-leaf tomato plants that yield slightly flattened, 1-2 pound, pink-red tomatoes containing few seeds. Exceptionally delicious, one of most favored tomato varieties.

1	Isis Candy Cherry 	Yellow-Red Cherry	Indeterminate	67	This tomato produces a delightful, 1-inch round, yellow with red tinge and marbling. Gold flesh. Typically a 'cat's eye' star of yellow on one end of fruit. The delicious sweet taste is rich and fruity. This has been a favorite "candy" treat with kids at my tomato tastings.
3	Lahman Pink 	Pink Slicing	Indeterminate	80	a.k.a. Grace Lahman's Pink. One of the most popular tasting tomatoes at the Heirloom Garden Show. These organic tomato seeds produce indeterminate, big, regular-leaf plants that yield tremendous amounts of 10-12 ounce, blemish-free, smooth, meaty and juicy, pink tomatoes that are richly sweet with a clean slightly acidic finish in the mouth. This tomato bears heavily until frost. Great tomato for slicing fresh or canning whole. Highly recommended as a farmer's market tomato because of the visual appeal and flavor. A good tomato for cooler growing conditions.
5	Manitoba 	Red Slicing/Cooking	Determinate	58	Extremely early variety developed by Morden Experimental Farm in Manitoba. Great variety for northern areas of Montana Dakotas and Wisconsin. Bright red, 6 oz., slightly flattened fruits. Perfect for small gardens.

2	Mrs. Maxwell's Big Italian 	Dark Pink Eating/Slicing Canning/Cooking	Indeterminate	69	30 years ago Mrs. Maxwell of Mexico, Missouri was given tomato seeds by a friend from Italy. She valued the tomato so much that for the next thirty years she saved the seed, choosing the largest, earliest, non-cracking tomatoes each year. Her son passed the seeds on so we could share them. These organic tomato seeds produce large, very prolific, indeterminate, potato-leaf tomato plants that yield 1-2 pound, 3 to 4-inch, dark-pink beefsteak tomatoes with incredible flavor. A perfect tomato for eating fresh off the vine or as a canning tomato or for cooking into a tomato sauce.
12	Oregon Spring 	Red Slicing	Determinate	75 to 80	Early, large, red, nearly seedless fruit. This now-famous determinate, slicing variety was developed at Oregon State University. Their research shows that Oregon Spring will produce incredibly early yields of 4 inch oval tomatoes when planted outside a month before your last frost date and given no protection except on frosty nights.
10	Pantano Romanesco 	Red Sauce	Indeterminate	70	Rare Roman heirloom tomato said to have been grown in former marshes in Rome, Italy. Similar to Genovese Costoluto. These organic, heirloom tomato seeds produce indeterminate, regular-leaf, highly productive vines yield large crops of 12 oz., brilliant-red, slightly-ribbed tomatoes with meaty interiors bursting with wonderful, rich, complex, tomato flavors. Expect a good production from these heirloom tomatoes. A great sauce tomato and a sensible choice for farmer's markets due to visual appeal and reputation for intense flavor. Rare tomato seeds.

4	Peacevine Cherry 	Red Cherry	Indeterminate	75	So named because of the high amino acid content which has a calming effect on the body. According to Seeds of Change, this indeterminate variety had "the highest Vitamin C content in a cherry tomato among 30 varieties analyzed by Rutgers University."
10	Purple Price 	Purple-Black Slicing	Indeterminate	75	A Virginia potato leaf heirloom introduced by Tad Smith. A potato leaf heirloom that yields medium-large, 10 oz., pink-purple fruits with excellent flavor. Similar to Cherokee Purple but an earlier variety.
6	Riesentraube 	Red Grape	Indeterminate	85	This old German heirloom was offered in Philadelphia by the mid-1800's. The sweet red 1-oz fruit grow in large clusters, and the name means "Giant Bunch of Grapes" in German. It is probably the most popular small tomato with seed collectors, as many enjoy the rich, full tomato flavor that is missing in today's cherry types. Large plants produce massive yields.
4	Roughwood Golden Plum 	Yellow-Orange Plum	Semi-Determinate	76	This tomato took William Woys Weaver ten years to stabilize. It is a cross between Brandywine, Yellow and San Marzano. Beautiful 2-inch, orange paste tomato that is meaty with few seeds and a delicate, sweet flavor.

Remaining Inventory	Name	Color/Type	D/I?	Days	Notes
3	San Marzano Redorta 	Red Paste	Indeterminate	78	Named for a mountain, Pizzo Redorta in Bergamo, Italy. This is Gary Ibsen's preferred Italian paste tomato. A much larger tomato (8 oz., 4-inch) with much better taste than its cousin, San Marzano. Good enough to eat off the vine with the bonus of ending up with more tomato paste per plant.
5	Sweetie 	Red Cherry	Indeterminate	65 to 70	At last, an open-pollinated alternative to the popular grape Tomato Sweet Million! Cherry Sweetie has a super-high sugar content and firm texture. It sets masses of grape-shaped fruit in large clusters that keep coming all summer long. Children of all ages love these 1- to 1 1/2-inch fruits, which are just the right size for popping into your mouth on a hot day out in the garden. They also make good additions to a raw vegetable tray and are ideal for salads and garnish. Many grape tomatoes are rubbery and rather tasteless, but Cherry Sweetie has a high sugar content and skin that is firm but not tough. You'll love it!
